02/02/2018 Issue 18

Well we can't quite believe it is only one more week till half term, the time is flying by!! The children have been busy this week working really hard and producing some excellent work particularly in writing.

The flu bug seems to be receding as our attendance is creeping back up. On that note you will be aware that I sent a letter out about procedures for absence. We continually audit our safeguarding procedures and in the light of recent news reports concerning schools that have not made contact with parents when a child does not appear at school, we thought it best to make our protocol as clear as we can. The bottom line is: when your child is away please ring/email us, and keep ringing or e mailing us each day until they return to school.

Alisha represented all of Class 2 to take our first Class Attendance Trophy given out for the class with the highest attendance during the week.

Attendance for the Week

Class 1 -	93.3%
Class 2 -	95.6%
Class 3 -	93.2%

3rd February 2018 10am – 11.30am

at

Bromesberrow Village Hall

Please come and support your school if you can.

The value we are exploring this term is courage.

Class 1

Class 1 have been learning the story of the Three Billy Goats Gruff and Y1 and Reception have been thinking about what the troll might look like. Y1 then went on to use adjectives in their writing to describe the Billy Goats Gruff. Preschool have been thinking about what food the troll could eat instead of the Billy Goats Gruff.

We have been given some big building blocks for outside and everyone enjoyed working together to create different structures.

Today we had a visit from people from TSB (including Chloe's mummy). We learnt about why we have money and the history of money.

Class 2

Class 2 have completed their fables this week and they really are fantastic! I have had to think of ways to fit them all on the display board because they all deserve to be shown off! We have also begun to focus on a variety of writing techniques such as adverbs and fronted adverbials.

In Maths we have been working with some really large numbers. The year 4s have begun using the ladder method to multiply 3-digit numbers while the Year 3s have been learning strategies to help them multiply 2-digit numbers by 4 and 8. Year 2 have been adding to numbers using number facts to reach the next multiple of 10.

In Topic, we have had a new station added to our choice of activities and the children have loved trying to work out how to build a model of a Viking long house out of straw, card and lollypop sticks! The problem solving skills the children have shown have been really impressive and they have come up with very inventive ways of making strong wall structures.

Class 3

This week in Class Three, we have had a busy week. We started the week off by exploring famous evolutionary scientists such as Charles Darwin and Alfred Wallace, by completing research and acting out their life stories.

In Topic we have been getting creative! Some of us made cakes into the shapes and structure of Stonehenge, thinking carefully about the shapes they made and how The Stone Age people were able to get these stones to create a structure. We also created Greek Temples out of clay, adding our own designs to them and researching the importance of Greek Temples.

Birthday Celebrations

Happy Birthday to Amelia, Jim, Chloe and isabella.

Individual Achievement Celebrations

These are awarded in **last Friday's** Achievement Assembly.

Star of the Month

Congratulations to Lily, who not only has a certificate and star cushion, but is the first to receive a star trophy for January 2018 Star, that she can keep forever.

Congratulations to our Stars of the Week –
Callum, Toby, Jack, Sienna, Marshall and Amelia.

And our Sports Superstars for last week were:
Amelia, Liam, Harry and Alyssa.

Well done to Toby, Max and Harley for being
awarded the Presentation Awards for last week.

..... and today's Individual Achievement Celebrations

Congratulations to last week's stars of the week
– Bradley, Riley, Grace and Ted

Our wonderful presentation certificates go to
Millie, Grace and Jim. Well Done

...and well done to Henry, who has
gained his duckling certificates in
swimming lessons and looking forward
to starting on the next challenge!
